

Qualifier Loom Script - 2 Minute Walkthrough

Opening (0:00-0:10)

On-screen: Dashboard with leads.

Voiceover: 'This is how we qualify leads and only send appointment-ready prospects. Assign, qualify, book, mark READY.'

Caption: 'READY leads only -> Slack + CRM'

Step 1 - Take Ownership (0:10-0:25)

On-screen: Copy lead ID, run POST /leads/{id}/assign.

Voiceover: 'Assign lead 123 to myself.'

Caption: 'Assign -> locks the lead'

Step 2 - Qualify (0:25-0:55)

On-screen: Open /qualify/form/{id}, complete DNC, income, health, plan type, appointment.

Voiceover: 'Confirm DNC, capture income/health, select plan, add appointment, submit.'

Caption: 'Stage = QUALIFIED'

Step 3 - Book & Confirm (0:55-1:20)

On-screen: Book time, run POST /leads/{id}/stage/ready.

Voiceover: 'Once booked and confirmed, mark READY. Slack + CRM sync.'

Caption: 'READY -> Owner alert + CRM'

Step 4 - Send Calendar Invite (1:20-1:35)

On-screen: Generate link via /calendar/ics.

Voiceover: 'Generate and paste calendar invite link.'

Caption: 'Client gets 1-click calendar link'

Step 5 - Check Queue (1:35-1:45)

On-screen: Filter /leads by stage.

Voiceover: 'Check TRIAGE/QUALIFIED lists to see what's next.'

Caption: 'Work TRIAGE/QUALIFIED'

What NOT to Do (1:45-1:55)

On-screen: Red X callouts.

Voiceover: 'Don't mark READY unless booked + intent confirmed. Always check DNC.'

Caption: 'READY = Booked + Confirmed'

Close (1:55-2:00)

On-screen: Slack alert screenshot.

Voiceover: 'That's it: Assign -> Qualify -> Book -> READY. You'll see Slack ping.'

Caption: 'Process complete'

Quick Scripts for Qualifiers

Private-Prime opener: 'Hey {{first}}, I specialize in private PPO/HSA plans that keep your doctors. 10 min to review top carriers in {{state}} - can we book a quick call?'

ACA-Subsidy opener: 'Hi {{first}}, ACA savings in {{state}} might be bigger than expected. 7 min to confirm subsidy + carriers - want the calendar link?'

Variants: GET /playbooks/ab?segment=Private-Prime&first=John&state=TX&v=1

Metrics to Watch

- Time-to-first-touch: <10 min
- QUALIFIED rate: >=40% (Meta/Google), >=30% (web/social)
- READY rate: >=50% of qualified
- Show rate: >=70%
- Private-Prime should close higher

Compliance Reminders

- Always check DNC.
- Collect consent on form (logged).
- PII encrypted at rest.
- Exports require API key.
